The international coffee shop chain Starbucks will start giving customers a discount if they bring their own cups. The discount is part of a two-month trial in cafes in England. Starbucks said it wants to reduce the amount of waste and recycle more. The vice president of Starbucks UK said: "Starbucks is committed to increasing recycling rates and reusable cups are a key part of our overall waste reduction strategy." Bosses will look at the success of the trial and then decide if they will continue it. The company wants to cut down on the huge number of paper cups that are put in the trash. Customers who bring their own mugs will get a discount on all drinks, except for the cafe's cheaper filter coffee.
